ROBERT HOLLAND FACULTY SENATE

Uncorrected Minutes of April 27, 2017

The Robert Holland Faculty Senate of Mississippi State University held its regular monthly meeting in the Grisham Room of Mitchell Memorial Library at 2:00 p.m. on Friday, April 27, 2017.

Members absent and excused were: Robert Boyd, Marina Denny, Stacy Haynes, Lelia Kelly, Sundar Krishnan, Rocky Lemus, Fred Musser, Sol Pelaez, Judy Ridner, and Rosangela Sebba.

Members absent were: Kathleen Alley, Cecelia Cook, Deborah Eakin, Ben Harvey, Aaron Kiess, Gregory Martin, Stephen Middleton, Debra Prince, James Sobaskie, Robert Thompson, and Molly Zuckerman.

The meeting was called to order by Senate President, Cody Coyne.

President Coyne asked for any changes to the March 10, 2017 minutes Senator Jones moved that the minutes be accepted as amended. Senator Barefield seconded the motion. The motion to approve the February minutes passed by unanimous voice vote.

GUESTS

Mr. Mike Rackley, Chief Information Officer

Mr. Rackley began by saying that the University is currently implementing BANNER 9. He said that this upgrade involved substantial upgrades to the underlying software an infrastructure of the system. Oracle forms used to be the base for the BANNER software. The new version uses Java

as the base. This mainly applies to administrative BANNER, not MyBanner or Banner Web. The upgrade will be phased in over the next year. Once the upgrade is completed in roughly March 2018, the next phase of the upgrade will begin. MyBanner and Banner Web will be upgraded during this phase.

Mr. Rackley said that the University has recently purchased a new digital signage system. He said that McCool Hall was a good example of digital signage. There are pockets of digital signage used across campus, but there has never been any unified system which would allow University messages, such as Maroon Alerts, to be displayed. The University will provide the server space to use digital signage. The colleges and departments would be responsible to pay for the display and small computer that is necessary for the sign.

Mr. Rackley said that a new wayfinding signage was put into place in the new academic building, "Old Main". This technology is very nice, but is somewhat expensive. The programming costs alone for the new building were \$25,000.

The University is, like all Internet connected entities, under constant attack from hackers and phishers. All employees are required to complete information security training every two years. The training includes roughly 12 modules, but there are many more modules that are available through the MyState portal.

Recently, the Mississippi Department of Information Technology Services started requiring a comprehensive third-party security risk assessment. This will be required at least every three years. The first assessment is currently underway. The first phase is now complete. The first phase examined the security of the system external from the firewall. Phase two will be conducted from within the firewall. Mr. Rackley said that the results of phase one were better than he expected they would be. There were roughly 20 findings which were easily resolved. This is the first time that MSU has conducted such a test of the system. The cost of the assessment is roughly \$250,000. He added that additional expenses will likely be incurred to rectify the issues found.

The most significant information security issue is individuals falling for email phishes and giving up their netID and password. ITS is adding a two-factor authentication process to the system. Initially, the two-factor authentication will be voluntary. This will eventually be required to log into certain systems.

Vice President Fountain asked if there was a time limit to utilize the digital signage initiative. Mr. Rackley replied that there is no time limit to add digital signage. Once the requirements of

the new classroom building are met, the University will have an additional 430 software licenses to use.

Vice President Fountain asked if the two-factor authentication will be able to be used on multiple devices. Mr. Rackley replied that it would be available for multiple devices.

Senator Jones asked if all systems would require two-factor authentication, or if departments could choose. Mr. Rackley replied that all systems that have a umbrella authentication service will easily adapt to the two-factor authentication upgrade.

Senator Potter asked what someone without a smart phone would do when two-factor authentication is required. Mr. Rackley replied that there is another option that uses a fob that is tied to your netID and password. When the user logs in the sequence of numbers and letters that appears on the fob will be entered as the second factor.

Senator Lathan said that her hard drive was compromised when an encryption was performed. She added that she has heard of others having the same problem. Mr. Rackley said that he was not aware of a systemic problem with regards to encryption, but he said that he would follow up.

Secretary Marett said that he heard that some of the phishing attacks had led to peoples direct deposit information being changed. Mr. Rackley replied that there was a phish that roughly 45 people fell for. Four of the individuals had their direct deposit information changed. Mr. Rackley said that this was the second time this has happened in the last two years.

Senator Barefield asked if there were issues with different browsers accessing the new java based BANNER system. Mr. Rackley replied that the new java forms should work with more browsers than the previous oracle forms based software.

Senator Barefield asked Mr. Rackley to explain eduroam as a wireless connection. Mr. Rackley replied that eduroam is a consortium of typically higher ed institutions worldwide. You are able to use your own credentials at other institutions that are subscribers of eduroam to log in to the wireless network. Msu1x will eventually go away.

Senator Wipf asked if the University was considering issuing certificates for things such as digital signatures on pdf files. Mr. Rackley replied that the University currently has the technical ability to do that, but the other resources required to maintain the system is not available. He added that different email programs handle digital signatures differently. This can create issues. There are some improvements that need to be made to bring digital signatures into prime time.

Senator Williams asked if it had been considered to do wayfinding on smart phones. Mr. Rackley replied that it was out of the scope of the current project, but it could be considered in the future.

Meridian-MSU

Applied Technology Program:

Current Enrollment n = 13 (will probably increase to 25 to 30 students by Fall 2017)

Health Care will be expanded into a program offering greater multi-disciplinary opportunities

MS Education: projected to enroll 109 students (Fall 2017)

Division of Education: projected to enroll >100 graduate students (evening courses primarily)

Primarily involves Principal and Superintendent training and preparation

Option for Saturday course offerings will be reviewed for implementation

Hybrid weekend course scheduling for MS in education could aid recruitment in Alabama

Distance Education

- Current programs/courses will continue to be offered
- New degree programs have been reviewed for future course offerings
 - o Counseling Master's Degree program
 - o Health Promotion Program
 - o Geoscience and Engineering Program
 - o English Comp 1 and English Comp 2
 - o Ag Econ program is in the process of being reviewed for development (2 faculty attended)
- International specific module has been added to student orientation process

Text Messaging for Non-Emergency Communication: Center for Student Success/Office of the Registrar

OP 91.126 – Electronic Communication Student

OP 91.130 – Contacting Students

Members of the ITC have recommended for approval that the Center for Student Success and Office of the Registrar attain authority to contact (text) students by cell phone strictly for strictly for academic related notifications and announcements.

Dual Authentication Security Protocol

- A software contract agreement has been award (finalized week of April 10th-14th)
- Initially the option will be made available on a voluntary basis for enhanced security benefits

Banner 9

New system is now being implemented within individual units (MSU runs IHL Banner 9 system)

ITS website has established a schedule for the transition/conversion to Banner 9 upgrad

Transition involves unique browser dependencies

Internet Explorer is one of two options if it is necessary to navigate between Banner 8 and Banner 9

FireFox and Chrome cannot be utilized effectively for this same purpose

Digital Signage System will be implemented through the use of AxisTV by Visix

Digital Signage System service/access will be provided centrally at no cost to departments

Licenses are available for 430 “players” for digital signs at no cost to departments

Displays will include department content and university relevant content

The Crisis Action Team has access to the system for Maroon Alert messages

Room Schedule Signage: Ad Astra (classroom) or Exchange (conference rooms)

- Displays (15” = \$1750 POE required / 10” = \$1600 POE not required)
- Player software maintenance \$60/year required

General Purpose Signage

- Player computer = \geq \$400 (plus mount = \$50-\$100)
- Player software maintenance = \$121/year required
- Display (32” = \$450/42” = \$862/50” = \$937/55” = \$1349/65” = \$3224/70” = \$3374)

Wayfinding Signage

- Requirements identical to General Purpose option
- Touch-enabled NEC commercial grade displays (55” = \$4874/65” = \$5039)

ITS is accepting requests from colleges and departments for adoption of systems

Control units are installed to the back surface of video screens

Athletic Department Budget Report

A "True Zero" based budgeting approach has now been adopted for implementation

Every unit now actively participates in building the fiscal

Each unit now develops an annual budget request from "scratch"

Unplanned/unanticipated costs increased expenditures for expenses \$190,000

ESPN package = \$39 million / SEC = \$7 million

A total of 36 student athletes will be graduating the Spring 2017 semester

MSU Women's Track & Field is nationally ranked 25th in country

MSU Women's Golf team has an inside chance of hosting a regional competition

MSU Men's Baseball is nationally ranked 11th in the country

Directors Cup: in 2016-2017 MSU will be ranked in the "40s" for the first time in our history

Baseball Stadium construction will begin in June

University Anti-Bullying Ad Hoc Committee: Policy and Procedure

February 21, 2017

Sub-Committee1: Training and Communications.....Judy Spencer
 Sub-Committee 2: Position Statement and Policy/Procedure.....C.P. Coyne

- Reference university anti-bullying notice statements have been assembled for committee review
- Definitions of the wide spectrum of different types of bullying behavior have been assembled
- Reference university policy and procedures has been assembled for design of the review process
- Recent recommendations have proposed drafting an independent policy and procedure document
- Related existing policy and procedure include the following
 - OP 03.03 - Non-Discrimination and Anti-Harassment Policy
 - OP 03.02 - Equal Opportunity and Affirmative Action
 - OP 60.401 - Guidelines for Employee Conduct

Draft copies are available that are either a single stand-alone operating policy document or merged into existing operating policies (OP 03.03, OP 03.02, OP 60.401) Options are being reviewed for final decision in the Office of the Provost.

Faculty Senate Meeting Election of Officers

April 27, 2017

Following March college elections of new senators, a detailed description of the “Nominations and Elections Operating Procedures” will be provided to all senators eligible to vote in the April election of senate officers.

- Written nominations are to be forwarded to the Faculty Senate Office or election officer (outgoing president) for inclusion on the April ballot (candidates must have served ≥ 1 year as a senator).
- Candidates submit electronically a 1-page statement-of-qualifications and reasons for seeking election to the specific senate office *-and-* a vita for distribution no later than 5 p.m. 1 week prior to the date of elections. Statements and vitas will then be electronically forwarded to all senators no later than 5 p.m. the *Friday* prior to the election (5 working days)
- Absentee ballots are permitted on the first ballot only, which must be request from the elections officer no later than Tuesday at 12:00 noon (2.5 days) prior to elections and must be submitted no later than Wednesday at 5:00 p.m. (1.5 days) prior to elections. Absentee ballots may be submitted to Robert Holland Faculty Senate or emailed directly to the elections officer.
- The president's notice of the agenda for the election meeting shall contain an alphabetical list of the names that have been placed in nomination.
- Election of officers will be conducted immediately after the report by the senate president.

- When only one candidate has submitted an application, other candidates may seek election at the April meeting but must provide a qualification-statement and vita for distribution (April meeting).
- All candidates shall have five (5) minutes to speak prior to the first ballot for their position.
- Casting of votes will be conducted by a secret voting process.
- If no person receives a majority vote, a second balloting shall take place between the top two vote receivers of the first balloting, or top three vote receivers should there be a tie for second place.
- After the second ballot candidates will respond to a question formulated by the elections officer, and again will have a maximum of five (5) minutes to respond to the question.
- Balloting shall continue on those names which were on the second ballot until one receives the required vote. Nominations from the floor will be allowed if there is still a deadlock after five ballots.

Faculty Senate Office Relocation

The MSU administration has asked Faculty Senate about the feasibility of moving their office to a different site on campus due to the need to expand the Command Center in the Alumni Center. University Houses / Hunter Henry / Memorial Hall Small Auditorium / Lee Hall / Union / Griffiths Hall / Ruby Hall. The graduate school has an office, four medium sized classrooms and a lecture/presentation room in Griffiths Hall. Another possibility that has been suggested for consideration is the M-Club. Provost Bonner has indicated the Vice President Amy Tuck has reviewed optional locations with her staff and will be providing approximately 5 different office space areas that could potentially be utilized.

FACULTY DESIGNATES ON UNIVERSITY COMMITTEES

BUSINESS TO BE SENT TO COMMITTEES

1. AOP 12.29 Undergraduate Entrance Requirements (Student Affairs)

President Coyne said that the Executive Committee has chosen to send AOP 12.29 to the Student Affairs Committee. Due to the short time frame that the policy is required to be approved, the policy has already been reviewed by the Student Affairs Committee and will be reported on during standing committee reports. The motion to send AOP 12.29 to the Student Affairs Committee passed by unanimous hand vote.

STANDING COMMITTEE REPORTS

Academic Affairs

1. AOP 12.09 Class Attendance and Reporting Absences

Senator Addy, on behalf of the Academic Affairs Committee presented an update on the request to review athletic absences. Senator Addy explained that the schedules of student athletes can

sometimes interfere with a student athlete's ability to successfully complete a course. This is dependent on the instructor's policies as well as the courses content. The Academic Affairs committee decided that the best way to prevent any issues was to have the student athlete and the faculty member communicate directly to determine the appropriateness of the student to take the course.

Senator Strawderman said that she believed that "multiple excused absences" should be defined. She added that she did not feel that a form is necessary if the student is only going to miss 2 classes. Senator Addy replied that he felt that the phrase would be define as 2 or more. If a student comes to an instructor and the instructor has no issue with the absences, the instructor could simply say that it was okay.

Senator Barefield asked if this would be included in a syllabus so the responsibility would rest with the student and not the faculty member. Senator Addy replied that he thought that this could eventually be included in the template syllabus that all faculty use. Senator Barefield said that he believed that there should be a way to include other non-athlete students that could miss a substantial number of days due to judging teams or conferences. Senator Wilmoth said that he felt including something about this in the template syllabus would include non-athlete students.

Senator Williams said that he believed that a University wide excused absence form could be beneficial. He said that it could be used to automate notices to faculty that students that will have multiple absences in their class. Senator Elder said she was unsure who had the jurisdiction and authority to create a form. Senator Addy replied that the department head or higher approves excused absences.

Senator Haupt said that ultimately what matters is whether or not the student grasps the material. Senator Baldwin agreed and said that the burden on the instructor is to either provide make-up material or just not count the missed work for an excused absence.

Senator Elder said that she thought that the first two sentences of page 52 could be struck. Senator Follett replied that he thought that the sentences just precluded an instructor from having an attendance policy that penalizes the student.

Senator Jones asked if adding the word "anticipated" would clarify. Senator Addy replied that it would help, but would not address Senator Elder's concern.

Senator Carskadon said that if an instructor has a large number of students, it can become impractical and time consuming to provide alternative exams.

Vice President Fountain asked who would generate the form that would be signed at the beginning of the semester. Senator Addy said that he felt that the faculty member would generate the form.

Senator Carskadon made a friendly amendment to strike the second sentence on page 52, "Use of a drop grade will be considered as a penalty". The Academic Affairs Committee accepted the friendly amendment.

Senator Freyne said that he thinks that anticipated and unanticipated absences should be defined and used throughout the document.

Senator Wilmoth said that he would like to strike the first sentence on page 52 as well. Senator Bennett said that she felt that there would be a potential grade penalty due to the material that was missed. Senator Larson said that she thought the sentence should solely deal with attendance penalties. Senator Addy said that the second paragraph on page 52 provides guidance to the instructor if too many excused absences are accrued. Secretary Marett asked if the deletion of the first sentence would allow students with excused absences to be penalized. Senator Elder replied that it would allow faculty members to penalize students for excused absences, but it would just be attendance points.

Senator Bennett said that she is concerned that some students would get caught needing to take certain courses for their major, but not being able to successfully complete the requirements due to their scheduled excused absences. She said that this would postpone graduation for the student. Senator Addy replied that when student athletes are entering the University they have to choose either a major that works with their schedule, or put off graduation to accommodate their sport schedule.

Senator Carskadon said that the crux of this discussion is the meeting between the student and faculty member at the beginning of the term. He said that he felt that this would allow the student to decide if they wanted to remain in the course knowing that their drop grade would be used. Vice President Fountain said that he feels that the initial meeting allows the student and instructor to reach an agreement.

Senator Strawderman called the question and asked that the friendly amendment be voted on separately from the policy. Senator Herd seconded the motion.

The motion to strike the second sentence on page 52 passed by majority hand vote.

Senator Larson made a friendly amendment to combine the second and third sentences in paragraph three on page 50. The Academic Affairs Committee accepted the friendly amendment.

The motion to approve AOP 12.09 Class Attendance and Reporting Absences as amended passed by unanimous hand vote.

Student Affairs

1. AOP 12.29 Undergraduate Entrance Requirements

Senator Randle, on behalf of the Student Affairs Committee, outlined the revisions to the policy. She explained that the Undergraduate Admissions Policy Committee no longer exists because their task could be completed at the college level and was therefore struck. She noted that the other big revision was to allow concurrent admission between the Community College and MSU Meridian campus for those students enrolled in the Partnership Pathway program.

Senator Potter asked who would be responsible for assigning AP and CLEP credit with the removal of the Undergraduate Admissions Policy Committee. Vice President Fountain replied that the department would assign the credit.

Senator Spain asked about the composition and tasks of the Undergraduate Admissions Policy Committee. Senator Elder replied that the committee was made up of faculty and administrators. Vice President Fountain said that the committee was non-functional and as a result was delaying admissions decisions. He said that the Office of the Registrar would now be handling the work.

Senator Potter asked why the list of subject matter that is required has been struck. Senator Follett replied that IHL sets all of those requirements.

Senator Wipf made a friendly amendment to change “hold” to “pass” in the policy. The Student Affairs Committee accepted the friendly amendment.

The motion to accepted AOP 12.29 as amended passed by majority hand vote.

University Resources

Vice President Fountain moved that the review of mandatory certification for online teachers be taken from the table. Senator Baldwin seconded the motion. The motion to take from the table passed by unanimous voice vote.

1. Mandatory Certification for Online Instruction

Senator Grace, on behalf of the University Resources Committee, presented the committee report. She explained that since the last time the report was discussed, she has determined that certification is required based solely on method of delivery.

Senator Spain asked for a definition of “academic unit”. Senator Grace replied that it could be a department or a school. It would have a department head or school director. Senator Spain said that she is against the removal of “departments and colleges”. Senator Baldwin said that there are situations on campus that “department and college” does not accurately cover. Senator Spain made a friendly amendment to keep “department” and add “school” to “academic units”. The University Resources Committee accepted the friendly amendment.

Senator Potter asked why “faculty” was struck on page 69. Senator Barefield replied that it referred to programs. Senator Spain said that faculty are also responsible for academic endeavors as well. President Coyne said that in the workload document department heads are responsible for covering a course if the instructor is unable to do so. They are also responsible for the content.

Vice President Fountain made a motion to strike the second part of the last sentence under “Programs” and add “departments, schools, “. Senator Jones seconded the motion. The motion to amend passed by majority hand vote.

The motion to accept the committee report as amended passed by majority hand vote.

Faculty Senate Designates on University Committees

Appointment for Faculty Senate designates is currently underway. It is the goal of the Senate to have Faculty Senate representation on every University committee. Current Senators serving on a University committee will have the opportunity to continue service during the 2017-2018 year. Current vacant committee positions or committee openings will hopefully, be filled by the August meeting of the Faculty Senate. Senators will be provided with a list of current committee assignments and vacancies. Should you be interested in serving on a vacant committee, please contact me.

- Kent Marett-recommended to Provost to serve on the Chief Information Officer search committee.
- Due to a conflict with my teaching schedule for the Fall of 2017, Vice President Randy Follett will be attending the Special Events and Game Day Operations committee and providing the Senate with any important information.

Academic Operating Policies signed by Senate since July 1, 2017

- AOP 13.02-Selection of William L. Giles Distinguished Professors
- AOP 13.03-Responsibilities in Instruction and Curriculum, and Attendance at Classes
- AOP 13.23-Faculty Workload
- AOP 13.04-Attendance at Classes: Teaching Faculty (rescinded)
- AOP 12.20-Undergraduate Academic Forgiveness

Status of Joint Proposal of the Faculty Senate and Professional and Support Staff Council regarding Spousal Tuition Remission

It was determined that such a request will require Institutes of Higher Learning (IHL) approval. Given the current uncertain financial climate in Mississippi and budget reductions currently facing higher education making such a request is not an option at this time. The request will be reconsidered in the future.

Faculty Senate Office relocation

Currently, there are no immediate plans to relocate the Faculty Senate office from the Butler-Williams Guest House. However, the intent is that the Faculty Senate offices will relocate in the near future. Potential locations for the Faculty Senate offices have been discussed, but discussions are very

preliminary. It is expected that the future Faculty Senate offices will contain similar space to the current Faculty Senate Offices. The Senate will be updated as new information is available.

Parking and Traffic Committee 7/27/2017 attended by Senator Mary Ann Jones

- The committee voted to give the Athletic department the same reserved parking spaces as other VPs get, which is one for the VP and 2 additional spots. It was determined that each head coach did not need a designated spot.
- Paystation parking will be \$1.25 for first hour and \$2.00 for subsequent hours, up to 2 hours. This provides paystation parking for a maximum of 3 hours for a max cost of \$5.25.
- The Garner Hall parking lot metered spots were approved.
- Community Service Resolution brought forward from the SA was tabled until the committee received additional information from the Maroon Volunteer Center and the Dean of Students office.

There was a discussion regarding the opening of the south entrance road to campus now known as Hail State Boulevard. Jeremiah Dumas said the target date to open the road is September 1. (Game Day noted the opening will more likely be September 9 due to weather delays) The Wise Center representative expressed concern about traffic when school starts. MSU Chief of Police Vance Rice said there would be traffic control by officers during the busy times at the current Wise Center entrance.

Briefly discussed was the parking situation for the Hand gated parking lot. There was concern expressed about the Hand gated lot not being on the list for new gated permits. Jeremiah Dumas said discussions are still pending regarding a paid parking for the Grant Presidential Library, but no one with current Hand gated lot access would lose it.

REPORT OF THE FACULTY SENATE VICE PRESIDENT

Since taking on the role of Vice President on July 1, I haven't actually had much activity related to the position, other than planning meetings with President Fountain, and a couple of meetings with Provost Bonner. I am currently in the process of identifying all of the committees of which I'm now a member, and getting the dates and times of meetings into my schedule. I look forward to this year's Faculty Senate responsibilities and working with President Fountain and the rest of the Executive Committee. As reported elsewhere, there are a number of important items that will be reviewed this year, and I am glad to once again be involved in the process at this level.

Respectfully submitted,

Randy Follett

Academic Operating Policies Singed into Effect

April – July 2017

AOP 12.16 - Academic Suspension and Dismissal

AOP 12.20 - Undergraduate Academic Forgiveness

AOP 13.01 – Emeritus Appointments

Executive Council Discussion

AOP 13.02 - Selection of Williams L. Giles Distinguished Professors

AOP 13.03 – Responsibilities in Instruction and Curriculum and Attendance at Classes

AOP 13.23 - Faculty Workload

AOP 13.04 – Attendance in Classes: Teaching Faculty

Rescinded

Office of the Provost is currently assembling a collection of AOP for consideration by Faculty Senate

Discussion Topics Addressed in Monthly Scheduled Meetings with Provost Bonner

- Faculty Award Development Opportunities
 - Review of faculty awards at Mississippi State University
 - Review of faculty award categories at other universities
 - List of potential new faculty award categories or levels
- Strategic Plan: Challenges During Conception and Implementation

- Annual Faculty Evaluation Process

Spousal Tuition Remission Proposal

Staff Council representatives Tamara Gibson and Susan Brooks presented a proposal to Robert Holland Faculty Senate at the November 11, 2017 that described the implementation of a spousal tuition remission proposal. Due to the current fiscal climate that exists within the state of Mississippi which has contributed to budgetary constraints affecting all institutions of higher learning there is a general consensus opinion that now would not be an appropriate nor effective time to present such a proposal for approval.

University Anti-Bullying Ad Hoc Committee: Policy and Procedure **February 21, 2017**

Sub-Committee1: Training and Communications.....Judy Spencer

Sub-Committee 2: Position Statement and Policy/Procedure.....C.P. Coyne

- Reference university anti-bullying notice statements have been assembled for committee review
- Definitions of the wide spectrum of different types of bullying behavior have been assembled
- Reference university policy and procedures has been assembled for design of the review process
- Recent recommendations have proposed drafting an independent policy and procedure document
- Related existing policy and procedure include the following
 - OP 03.03 - Non-Discrimination and Anti-Harassment Policy
 - OP 03.02 - Equal Opportunity and Affirmative Action
 - OP 60.401 - Guidelines for Employee Conduct

Draft copies are available that are either a single stand-alone operating policy document or merged into existing operating policies (OP 03.03, OP 03.02, OP 60.401) Options are being reviewed for final decision in the Office of the Provost.

International Students Travel and Notification of Schedule and Location

Faculty are being notified to strongly encourage students that are traveling internationally to inform the International Institute with details regarding their schedules, locations, contact information while visiting foreign countries. One the most important reasons justifying the request is the improved ability of Mississippi State University to extract students out of harms-way in situations when the environment of a foreign location becomes politically or militarily unstable.

University Curriculum and Courses Committee (UCCC)

June 21, 2017

The Office of the Governor has mandated that universities in the state of Mississippi develop programs that will facilitate the graduation of students that have attended universities but have not graduated.

Complete-2-Compete Initiative at Mississippi Public Universities and Community Colleges

Associate Provost Peter Ryan and Dean Rick Travis have developed a curriculum and graduation pathway for students that have not received a degree and have not been enrolled for 24 months

- Program pertains to students that have earned academic course credits but have not graduated
- Final GPA will not be calculated using pre-existing "F" course grades
- Graduate degree will not hold the same exact title as the original degree major due to the elimination of certain courses that in some instances are common obstacles to graduation
- Program can be of benefit to student employed in the private sector where an opportunity exists for advancement and promotion when they are dependent upon attainment of an academic graduate degree.
- Proposal and curriculum map was approved by the UCCC

Information Technology Council (ITC)

Old Main Building

- Installation of instructional technology in 22 classrooms has been delayed
- Delivery of ADA lecterns was delayed but should be in place by August 16
- Way Finder touch screen technology for orientation and routes will be installed
- Lecture rooms will have daily schedules on a small screen near outside doors
- Attendance scanners will be installed in each lecture room

Banner 9 Migration and Enhancements

- On July 16th 2 modules will be upgraded
 - Human Resources module
 - Oracle forms accommodation (current version expires October 2017)
- Student module (January 2018)
- Accounts Receivable module (April 2018)
- Financial Aid module (April 2018)
- Application Navigator in Banner 8/Banner 9

Department "For-Fee" Printing System

Pharos will become available for use as a "for fee" printing system

- Since 2013 Novell has been employed (Novell has been used for over 20 yrs)
- A Microsoft iPrint replacement was sought last year due to lack of upgrades
- Pharos will cost \$954/printer for first year along with a \$159 maintenance fee.
- Some departments have not or will not migrate to Pharos due to financial cost

- The objective is for everyone to have migrated away from iPrint by Fall 2017
- Objective will be to have consistency in printing fees across entire campus
 Aug 14: BW \$0.10/pg Color \$0.40/pg

Canvas and Blackboard Comparisons and Implementation

- Surveys have been conducted comparing Blackboard
 Opinions varies among faculty regarding the comparison
 Canvas overview and orientation presentation occurred July 21st
- Canvas is cloud based only
 Canvas is financially much more economical than Blackboard
 Blackboard will need to be renewed for at least 1, possibly 2 more year

Dual Two-Factor Authentication

- Implementation “roll-out-date” scheduled for July 24 (Oct 16 completion date)
- Information security training is required every 2 years
- Concerns have existed about CASS upgrade
- Exchange is not CASS compatible
- Employees with access clearance for Category 1 data are required to utilized a 2-factor authentication (requirement mandated by Information Security Program)
- Information security training is required every 2 years
- A total of 2709 MSU employees will be required to use 2-factor authentication
- A bypass code can be acquired on demand for justifiable reasons
- A key fob will be made available to facilitate more convenient practical implementation
- Category 1 data includes
 - Patient Heath Care Records
 - Personnel Data and Records
 - Transcript Data and Records
 - Human Subject Research data
 - Insurance Data and Records
 - Driver’s License Records

A total of approximately 44 employee accounts have been violated including several that have involved acquisition of faculty monthly pay checks.
