Mr. Robert Banik, President
Robert Holland Faculty Senate
Mississippi State University

Dear President Banik,

I would request that the Faculty Senate consider amending its policy on assignment of Academic Operating Policy revisions, to allow the president to immediately assign them to the appropriate Faculty Senate committee rather than waiting until after a Senate meeting for this assignment. Since AOP review is required by university policy, it is not necessary for debate by the Senate for these policies to be assigned and reviewed. This can eliminate an unnecessary delay in review of these policies.

Sincerely,

David R. Shaw
Provost and Executive Vice President
Mississippi State University
