Faculty Senate Meeting

October 6, 2023

Resolution for Mandatory Training of Administrators for Faculty Evaluations

Considering the importance of the annual faculty evaluations in tenure, promotion, and merit raises, evaluations must be performed with utmost care and rigor. As new annual evaluation rubrics have been developed, the Faculty Senate recommends that all administrators (department heads, center directors, deans) complete mandatory training on the new faculty evaluation requirements and methods for effective evaluation of faculty in their respective units.
